## 📋 PROJECT EXPERIENCE

### Analyst · Model Risk Data Discovery and Design

Absa Group Limited | Johannesburg, South Africa

📅 28/07/2020 - 11/12/2020

**Project Overview:** The model risk architecture and processes for credit regulatory reporting are sub-optimal in terms of business efficiencies being realised across the value chain. The project team developed a target state architecture and roadmap identifying opportunities for unlocking sustainable efficiency. Subsequently, the project team took the various stakeholders through various roadshow presentations to gain valuable buy-in on the identified opportunities and created a project charter for the initiatives.

**Responsibilities:** Kishan was an analyst supporting the team in a variety of manners. In the first phase of the project, Kishan defined various role profiles for stakeholders in the model risk space, mapped out necessary frameworks, policies and standards for a clearer understanding. In the subsequent phase, Kishan assisted in creating a project charter for a tactical journey that will occur in 2021, identifying benefits and associated metrics.

### Data Analyst · MultiChoice Africa

Genex Insights | Johannesburg, South Africa

📅 09/03/2020 - 31/07/2020

**Project Overview:** The project involved working on the MultiChoice Africa account within the CX team, where the data's integrity had to be investigated and monitored. In conjunction to this assisting the team in applying various methodologies that would allow the team to become more proactive in handling the account, and to improve relationships between the MultiChoice Africa and Genex Insights.

**Responsibilities:** Kishan was placed as a Data Analyst within the Genex Insights' CX team initially investigating a data discrepancy issue, utilising the Genex Insights VOC platform to assist with data retrieval, mapping & managing for MultiChoice Africa. Kishan also updated & created new dashboard views for surveys that had existed & were introduced respectively. Kishan's understanding of the platform gave him the opportunity to train new MultiChoice members on using the platform, while handling queries daily.
